**Subject:** Hoity Toity/Adel Verpflichtet Tournament Begins!

Greetings Art Collectors and Exhibitors!

Welcome to the 2011 edition of the SpielByWeb Hoity Toity/Adel Verpflichtet PBEM Championships! This is the fifth annual tournament. Congratulations to Dom Glennon for prevailing in last year's tournament.

In the table below, please find your game numbers (1-6) for each of the five preliminary rounds. All but one game has five players in each round; one game has four players. The pairings ensure that no one plays more than one four-player game. Most players will see one other player twice; a few will see two others twice. The players who had a family member to avoid were pinned to a single table. The other schedules were determined and then players assigned to them randomly (using my trusty D&D dice).

A few reminders before we get to the pairings:

- 1) Games are expected to take 6-9 weeks to finish. As players take vacations near Thanksgiving, Hanukkah, Christmas, and New Year's I'm sure some games will run the whole distance, so be patient. Be certain to use the "Going Away?" feature in SpielByWeb to keep me and your opponents informed when you'll be away.
- 2) While I encourage players to check into SpielByWeb every day, a non-vacationing player isn't considered late until a game has been waiting for that player for 48 hours. Please use the email addresses in this announcement to give players a friendly reminder, and let me know if anyone runs over the 48 hour threshold. Even then, there's no penalty as long as the game finishes on time. See the format at [http://www.gameaholics.com/adv\\_format.htm](http://www.gameaholics.com/adv_format.htm) for complete details.
- 3) The tournament page ([http://www.gameaholics.com/adv\\_tournament.htm](http://www.gameaholics.com/adv_tournament.htm)) will be updated for this year's tournament by early next week. Then you can follow all the games from the links there.
- 4) Finally, I remind everyone that the first player on SpielByWeb should set up the games. Each game should be named "ADV PBE 11r-g" (where r is the round number and g is the game number) and use a comment containing the player's first names and last initial (to help them find it). Naturally, check the list of passworded games before setting a game up! The case-sensitive password is at your discretion (though I suggest using a different one for each game to prevent accidental joining) and should be emailed to the other players. Please send me the game number and password (so I can link the game and facilitate communication). Thank you!

That's all the news – so it's time to play! Be sure to let me know when a game ends and to give me your feedback on the simultaneous preliminaries (so we can do what's best for next year's tournament).

Good luck and have fun!

John
